I dedicate myself today, to those who need
my tender care. May strength be given me
I pray, to lift the cross that others bear.
When eyes grow dim and night appears, my
faith in Him will calm their fears.
With smiles I'll dry away their tears, keep
me worthy to serve today.

The Creed

Dedication

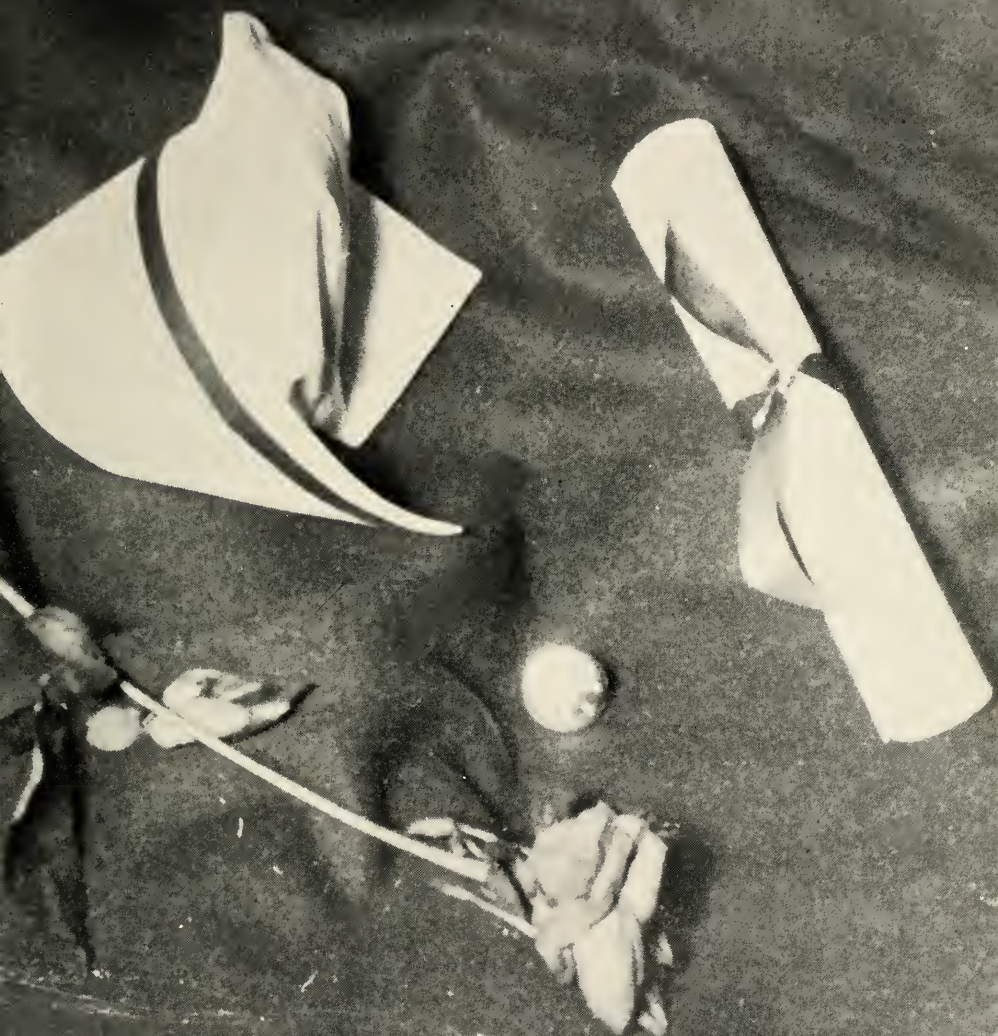

To you, Miss F. Evelyn Beck, we dedicate this yearbook in humble appreciation of the many things you have done for us. During the two years you guided us, you remained always an outstanding representative of the nursing profession, and one after whom we have strived to model ourselves. You were always there to answer our questions and guide us along the path to our ultimate goal-graduation-which we finally have attained. Thank you, Miss Beck, from the bottoms of our hearts.

Whatever your environment may be now,

Your future depends-

On your thoughts, visions, and ideals.

 "Good nature is the sign of a
 large and generous soul."

Senior Class History

Time Marcheth On . . .

On September 8th, 1953 a group of 34 eager, inexperienced, aspiring, young girls were drawn from the farms, villages, and cities of Ohio and Michigan and one even from as far away as West Virginia to Flower Hospital to begin three years of specialized education. It all began with the 34 innocents traveling by bus daily at 7:30 A.M. out to the citadel of learning, Toledo University, where for 18 weeks we took our basic courses in physiology, anatomy, psychology, microbiology and chemistry. We carried away with us many memories of fine professors, long hikes from class to class, interesting labs and lectures, and dissected cats. Our first day on duty, November 23! What an event! If we thought we were scared out at T.U.!

Well time passed, filled with many parties, picnics, and lots of HARD, HARD study and April the second finally came around, when we traded in our skirts and blouses for caps and fichues. At this time there remained only 28 of the original 34. None of us shall soon forget that moment when Miss Rees pinned our caps on and Miss Rehklau lighted our lamps. Nurses at last!

But not quite. We shoved off to special departments and vacations were soon upon us. Before we knew it 30 more replicas of ourselves one year earlier were arriving, and we were juniors. Now we began an intense round of heavy classes, floor duty, organizational work and pressing social affairs. That second year is a rough one! Spring came again and with it the sad, yet happy, parting of those going on affiliation. But first a going-away picnic at Walbridge Park and off we went.

That summer we put on the Junior-Senior Prom with the theme of "Country Gardens." A big success.

We were now down to 21 members. In August we lost our class advisor, Miss Beck, who took a position with the Grace Hospital in Detroit. We adopted Mrs. Haberkamp.

Seniors at last and with that the addition of Shirley Podach, a transfer student from St. Vincent's hospital. And then about the biggest honor a school or class can have. Our own Norma Capaul was elected President of the Student Nurse Organization of Ohio. That really put Flower on the map. We are all quite justly proud of her. Our senior year was the time of sad departures and joyful reunions as the girls came and went on affiliations at Toledo State Hospital and Children's Hospital in Columbus. Many memories are retained from those places. In January we were all quite saddened to see our Director, Miss Rees, leave Flower to take another position with the White Cross Hospital in Columbus. Soon after we lost our second class advisor, Mrs. Haberkamp and chose Mrs. Jastremski for our third. By now Miss Dorcas Crossman from Texas became our Director of Nursing and a fine one at that, you-all!

In January our class put out more pizza in one night than Conte's must put out in a week. How we slaved over that hot oven down at Simms for our movie and pizza party.

Well as the end approached we were tired, as could be witnessed by the number of horizontal figures on the beds back in the "den" at Highland. By now many of our members were old married women. We thought when we finished we would have reached the end of the road. But now we know different. Graduation is merely a milestone in the long process of learning, tho' admittedly a pretty big one. Now we go forth again, 22 eager, inexperienced, aspiring young

Senior Prophecy

Dec. 23, 1966
Delta, Ohio

Hi Jane,

I've so much to tell you so if my two sets of twins, one husband, and pets will allow me the time, I'll start.

Last week when I was Christmas shopping in Toledo, I bumped into Kay Tippenhauer, and we talked for hours in the middle of a toy department.

You knew, didn't you that Norma Caupal got so mixed up in SNAO that when she and Gary finally tied the knot, she named her children S,N,A, and O followed. Kay, herself, is head nurse on first floor at dear old Flower, which happens to be strictly TUR's. Mary Ann Kopp (Matheny), in spite of all the trials and tribulations of her wedding, has been leading a busy and happy life. We all breathed a sigh of relief when she started down the aisle to the strains of the wedding march. Kay says that Kathy McCoy flew to Hawaii. She became rather impatient waiting for Don, and is now considered an expert hula dancer.

I ran into Marilyn Meinen (Welch), but we couldn't stop long. She had to get back and relieve Bing, who was taking care of the four little "winds". He also wanted to leave the parking lot in her capable hands for a few hours.

While walking past the Lion's Store I saw a darling freckled-faced, red haired, little boy, on one of the lions, hollering his head off. His mother turned out to be Mary Lou Appleman. She had brought him to Toledo to see Santa. All I can say is that she's braver than I. We talked over tea and cookies and I learned that Shirley Podach is expecting her ninth baby. She hopes it will be another boy; so she can manage her baseball team in her spare time. She has spare time?

Opal Tharp started back to West

Virginia, you know, but got lost in the wilds of Kentucky and did a little frontier nursing. Her book about her experiences is one of the best sellers list, and is dedicated to Dr. Seligman. Janet Baland (Sawyer) is the new director of nurses at Bowling Green. Milly Milliron, at the same time, was made supervisor of surgery which is very nice since she always liked it so well. There was a small article in the paper about Lois "Hong Kong" Fey. She was returning to China after a short vacation at home. There was notification concerning the new exhibition at the Art Museum. The artist is none other than Betty Hartman! Everyone is just roaring over her interpretation of T & A in oils. There was also a big write up in that same paper about Jo Platt's fifth marriage. I guess he is loaded with that green stuff, what luck! One of the editorials was commenting on the fine work that Lois Warner has been doing with the mentally ill. Her latest treatment, rolling patients down the hall in a barrel, is supposed to be very effective.

There was a big spread in Life Magazine about "Mert" Rutherford. She and her husband grow mammoth water-melons. Now there is a girl I better drop in on. The "Farm Family of the Week" was Caroline Brugger and her husband. They have a huge farm!

Did you see where they've made "Not as a Stranger" again with Zaiga Ozolins playing the lead? Just think one of our classmates in the movies! Ramona Stoddard is now the supervisor of the new Central Supply Department at Flower. Her article about a new method of sterilization appeared in the American Journal of Nursing. It seems she uses lemon juice.

Well, Mrs. Smith, I'll let you get back to your cooking school and music lessons, but do try to take time to let me know how the world is treating you.

As Ever,

Wills

NORMA ANDERSEN: I will my dancing feet and blushing ways to Donna Wellman.

Jo

Toledo, Ohio
"Sleepy Time Gal"

Jo . . .

Jo meant many things to the many people who worked with her as a student and Graduate at Flower Hospital. She could very well have been called a "Sleepy Time Gal" on the 11-7 shift. She had about her a cheerfulness and love of life that few people possess. Jo was a new Graduate and an inspiration to us who are still students. Jo will continue to be a inspiration even though she is not here. She represented in her life what every student hopes to attain-the love of her friends and patients as a Registered Nurse.

Children's Hospital Nurses' Home, Back yard

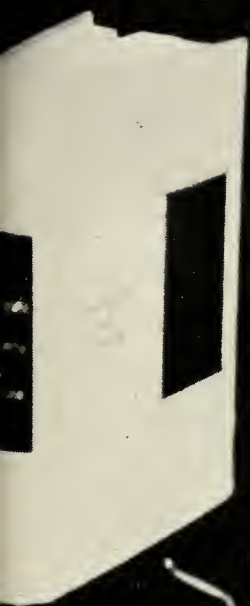

In the course of our study, six months were spent affiliating with Children's Hospital in Columbus and Toledo State Hospital to enlarge upon our experience in pediatric and psychiatric nursing. The friends that were made among patients and students from other hospitals made our stay wonderfully pleasant and also made it hard to say "good-bye."

"One-Half"

About the middle of March the favorite expression among most of the Juniors was "it's half-done." Yes, one-half of our training was over and as we look back it has seemed that we've covered a lot of ground, but looking ahead we see much more has to be done until we, too, will wear the black band.

Enough of reminiscing and daydreaming, though --we have so much happening right now. The biggest event we have to plan for is the Junior-Senior Banquet. Ideas are popping and we are all working for a success. Of course, we need money for this and we have been putting on a talent program centered around a candy sale.

Recruitment, too, has been a part of our schedule.

Of course, classes have been keeping us busy and our clinical work becomes more advanced and technical every day.

Yes, we're over the hump now and looking forward to our graduation.

SIMMS HALL

Recruitment

We were told that there was to be a "Chili Supper" at Flower Hospital for high school students interested in nursing. Several of us in our Future Nurse Club decided to go. When we arrived we were greeted by the student nurses in attractive starched uniforms.

While we enjoyed the hot, tasty meal, the student nurses chatted with us and answered many of our questions concerning nursing school. The program that followed was both informative and entertaining. The title was "This Is Your Life" and it displayed a series of skits depicting the various highlights of a student nurse's life.

Our evening was concluded by a tour through the hospital and the two nurses' homes.

Being a nurse sounds challenging and looks exciting to me. I'm going to put my application in today!

"Bewitched, Bothered, and Bewildered"

On September sixth a bewildered group of new freshmen followed their "big sisters" into Simms Hall and were introduced to the rooms where they would spend their first year.

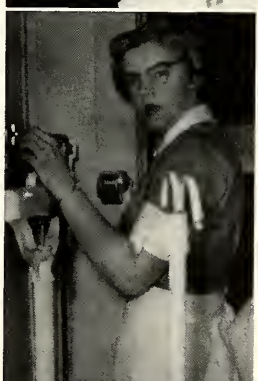

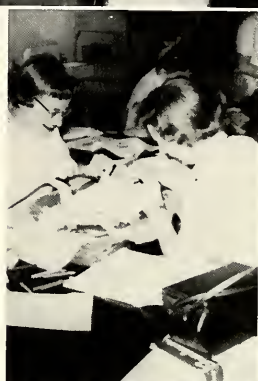

After several busy weeks they became adjusted to the hospital routine and the classes at the University of Toledo.

Then came the week that the Freshmen dreaded, Initiation Week. One night, passers-by stared at characters dressed in men's shirts, blue jeans and with their hair in braids. The entire crew was seen scrubbing the sidewalk in front of the nurses' homes. That was followed by a tour of the hospital and laundry (blind-folded.) An autopsy and a mock operation were also seen.

First semester finals and working in the hospital kept the girls busy until after Christmas.

Then came second semester and along with it more hospital work and fewer hours at the University.

April third shone forth as the day everyone was waiting for, Capping.

Capping

Capping was the most thrilling event of the Freshman year. After six months of hard work, the long awaited day finally arrived. It was a stormy evening, but nothing could dampen our spirits as we left the church. Our heads were held high bearing our caps, and our way was lighted by our Nightingale lamps, a symbol of our profession.

Student Government

"Blessed be the tie that binds,
Our hearts in Christian love.
The fellowship of kindred minds
Is like to that above. . . ."

Our student government can easily be the tie that binds the students and faculty into one. This group has, from the bottoms of their hearts, worked very hard in managing the business of the school. The fellowship they have enjoyed throughout the year will be a lasting memory throughout their lives.

Chorus

Mrs. Mary Anderson

"Singing we go
Along life's way."

The chorus is a group that meets each week;

Entertainment, relaxation, and pleasure we seek.

The rehearsals are, indeed, not in vain.

For at many programs we do entertain.

Mrs. Anderson directs with a capable hand;

All talents together, it really is grand!

Chapel

"Because the day, that stretches out for me
Is full of busy hours; I come to Thee
To ask Thee, Lord, that Thou wilt see me through
The many things that I may have to do."

This poem could well be the theme of our weekly chapel services. This is the one time during our busy schedule what we gather together as one body to commune with the Lord in song, messages, prayer, and scripture. We thank those who have helped us with these services, especially Miss Hazel Smith, R. N., and Rev. Beittel, our hospital chaplain, and visiting ministers.

"Holding forth the word of life." Philippians 2:16a

THIS MIGHT BE THE THEME OF N. C. F.

In the midst of a busy Tuesday eve,
We pause, Bibles in hand-- A gathering band,
Thoughts from God's word to retrieve.
At the close of this fellowship, we part
With more "love of God" in each heart.

A Nurse's Prayer

Because the day that stretches out for me
Is full of busy hours, I come to thee,
To ask Thee, Lord that Thou wilt see me through
The many things that I may have to do.
Help me to make my beds the smoothest way
Help me to make more tempting every tray
Help me to sense when pain must have relief,
Help me to deal with those borne down by grief,
Help me to take to every patient's room
The Light of Life to brighten up the gloom.
Help me to bring to every soul in fear
The sure and steadfast thought that Thou art near.
And if today, or if tonight maybe,
Some patient in my care sets out to sea,
To face the great adventure we call "Death,"
Sustain them, Father, in their parting breath.
Help me to live throughout this live-long day,
As one who loves Thy will, dear Lord, I pray.
And when the day is done and evening stars
Shine through the dark above the sunset bars,
When weary quite I turn to seek my rest
Lord, may I truly know I've done my best.
